29 November 2022

Freedom of Information Act 2000

I am writing in response to your request for information made under the Freedom of Information Act 2000 in relation to RTT Pathway.

You asked:

How many patients who require a follow-up appointment (but are not captured in the RTT pathway) does your Trust have on its waiting list

N.B If the figure you provide includes the number of patients on the public RTT pathway please clearly state this.

Trust response:

Please note that this response is based solely on the Trust's validated RTT incomplete pathways on the census date of 31st October 2022. The new/follow-up split is based upon the outpatient appointment outcomes which had been recorded on the PAS as at 16th November 2022. The total number of pathways on the RTT waiting list, where at least one appointment had already been attended on the pathway, was 10,807.

Number of pathways (with decision to admit for treatment) classed as follow-up (i.e. patient had attended at least one appointment by 31st October)	5285
Number of pathways (without decision to admit for treatment) classed as follow-up (i.e. patient had attended at least one appointment by 31st October)	5522
Number of pathways (with decision to admit for treatment) classed as new (i.e. no attended appointments)	608
Number of pathways (without decision to admit for treatment) classed as new (i.e. no attended appointments)	32573
Total number of incomplete pathways as at 31st October 2022:	43988
